

A 12 MONTH JOURNEY TO KNOW GOD LIKE NEVER BEFORE

Walked Step by Step, in Coached Community, Never Alone

Dear Friend,

Maybe you have prayed the prayers, sat through the services, and known the Bible stories since childhood, yet something in you still longs for more, not more information, but God Himself, freshly known. That longing is not a flaw in your faith. It is an invitation.

5in12 is not a class you attend once or a book you finish alone. It is a systematic twelve month journey, built around five trainings and a weekly rhythm of practice, where a coach walks with you through every principle below, and a small community of others on the same journey walks with you too. No step is taken by yourself.

Here is what that journey offers your own walk with God.

1. **Relational Discipleship Formation, Mark 3:14.** Jesus called His first disciples simply to be with Him. Your coach and your community walk with you the same way, through real conversation and real time, not through information alone.
2. **Scripture Discovery, Acts 17:11.** God does not want you to only hear about Him from others. Each week your community opens His Word together, asking honest questions and letting it search you in the company of others doing the same.
3. **Obedience as the Measure, James 1:22.** Freshness with God is found not in knowing more but in obeying what you already know. Your coach helps you name one next step each week, and your community holds you to it in love.
4. **Missional Living, Acts 2:42-47.** You were made for both belonging and sending. Your community becomes the place you both belong and are sent from, so your faith moves outward as naturally as it moves inward.
5. **Multiplying Leaders, 2 Timothy 2:2.** You have something to offer someone else, even now. As your coach invests in you, you learn to invest in others, and your own faith deepens in the process.
6. **Equipping Every Believer, Ephesians 4:12.** You are not a spectator in God's story. Your coach and community help you discover the gifts you carry, and give you a place to use them right away.
7. **Consistent Rhythm Over Time, Mark 4:26-29.** God does not rush growth, and neither does this journey. Twelve months of steady, coached rhythm in community produces the lasting fruit a single spiritual high never can.

Over these twelve months, in the company of a coach and a community walking beside you the whole way, these seven realities move from ideas you have heard about God to a life you actually experience with Him.

With you on the journey,

Don Waybright
